

We are asking you to support NDEA recommended candidates because they are recommended by people who do what you do. And, because...

They Believe in Public Education

Increasing funding for public education, maintaining the requirement that 70 percent of increases in state aid funding be directed to teacher compensation, and opposing the diversion of public funds to private schools.

They Support the Professional and Economic Well-Being of Our Members

Improving Collective Bargaining rights for all public educators including ESP members, protecting and improving pension benefits, and believing in content specific professional development and mentoring programs that are teacher driven.

And, All Education Decisions Are Political Decisions

Your interests are NDEA's **FIRST** priority. People we elect listen to our issues. The only thing that matters to recommended candidates is **YOUR VOTE.**
